The following guidelines regarding only the practical portion (E-Filing of Income Tax Returns) were set in the online meeting with the consent of all the Faculty Members so that a uniform approach is adopted by all concerned with the teaching and evaluation of the practical 'E-filing' component:

1. The Excel input option in the GOI E-filing utility shall be followed in the teaching & evaluation of the practical.
2. The 'JSON' output file shall be generated by the student from the ITR- 2 downloaded from the GOI income tax website since the erstwhile 'XML' output file does not exist anymore.
3. The Evaluator may consider the following schedules - general information, heads of income, deductions, tax deducted at source, advance tax, A-L schedule, if required,

verification, generation of JSON file, comparison of correct income and deduction with the JSON output for evaluating the student.

This arrangement is only for Assessment Year 2022-2023. It shall be reviewed again for future Assessment Years.
