About the Organization

The Institute of Chartered Accountants of India (ICAI) is the second largest professional body of Chartered Accountants in the world, with a strong tradition of service to the Indian economy in public interest. As one of the steps towards partner in nation building, ICAI has constituted Sustainability Reporting Standards Board (SRSB) in February 2020 with the mission to formulate comprehensive, globally comparable, and understandable standards for measuring and disclosing non-financial information about an entity's progress towards United Nations Sustainable Development Goals (SDG) 2030.

Within the sustainability domain, the need for Social Audits has increased manifold. Social Audit being the critical stock taking of any entity/ programme would require Standards/ Technical guides along with the requisite skills and training of Social Auditors. Sustainability Reporting Standards Board of ICAI is working towards development of Social Audit Standards. In this context, we would like to mention that a single Comprehensive Framework for Social Audit Standard and area-specific social audit standards are proposed to be developed.
